George Cherry Esqre.

Dear Sir,

I lose no time in acknowledging the receipt of your letter of the 30th. Ultimo which reached me this day.—

The Season is now so far advanced and the Southerly winds so soon expected that I fear any Country craft which you might despatch with Coolies or Cattle for Ceylon might be long of making their passage, however should you at the receipt of this have collected any of either description, and are able to get them conveyed to Columboo or Trincomallee so as to arrive at either place before the 1st. of March— I would suggest to you to forward any number in your power from one hundred to five. I am happy you have written to Captain King as he is so recently from the Island of Ceylon, and I would beg of you to be guided by his suggestions in this business rather than by mine—

I have been able to collect and forward from hence 400 Coolies and nearly 200 head of good Carriage Bullocks, my agreement with the Coolies is that they shall serve as long as the Govt. of Ceylon shall require them, and their pay is Two Pagodas a Month and 1 fanam ℔ Diem of Batta— The Cattle I have purchased at different rates according to size and quality, from 3 to 6 Pagodas a head and I have hired people of the Cowkeeper Cast to embark with them for Ceylon but to these I have been obliged to consent to give high wages vizt. 3 Pagodas a Month of fixed pay and the same batta as the Coolies— For every 10 Bullocks I have sent one keeper and a trusty Peon belonging to our House as a Superintendent in each Vessel.

By a letter which I received yesterday from the Collector of Trincomallee it appears that the means of carriage was greatly wanted at that place, and this induces me to believe that if it were practicable for you to send a supply thither, especially of Cattle with their pack saddles, you would render a most acceptable service to His Majesty's Government—

Sir,

I was favored yesterday by a letter from Mr Arbuthnot inclosing a copy of one written to you in which all the information you before requested of me is contained, and I should feel obliged if you would give me a line occasionally to let me know & what success you meet with in the procuring of Coolies and Bullocks, that I might inform the Ceylon Government of the same -

I intend quitting this to night for Tuticoryn to embark upwards of 100 head of Cattle which Mr Cotton the Collector here has purchased, and which would have been off some days past had the owners of Vessels not asked such exorbitant freight but the Government stand in such need of them, they must be shiped without delay - It was only on the receipt of my last from Mr Arbuthnot that Mr Cotton knew what terms to engage the Coolies to serve in Ceylon, therefore there has not been sufficient time to make it public, but the natives of this District I am sorry to say, seem as fearful of entering as Coolies for Ceylon, as you state they are in yours, but the terms are certainly liberal and I sincerely hope will be attended with success

George Cherry Esqre Madura.

Sir, I was favored with yours of the 12th yesterday at Tuticorym, to which place I have come to forward the embarkation of some Bullocks &c.— Towards the end of the present Month you expect to have collected about 300 head of Cattle and request I will state in what manner they are to be disposed of, I should recommend your endeavouring to embark some at the Ports most adjacent to your District but as the winds have become rather variable, I think it would be running too great a hazard to trust them in Country craft, and should there be no other I think you had better forward them to this place, as I have no trusty person &c I could depute to take charge of them, and request the Peons you send may wait until they are embarked, which I will endeavour to effect with the least possible delay—

There cannot rest a doubt that such as you engage must be at the risk of the Ceylon Government, as well as what other expence you incur in the collection of the same—

I am sorry to find you have not been successful in obtaining Coolies, nor has the Collector of this District been more so, the Natives here being equally fearful of entering as Coolies for Ceylon—

(Signed) R. King Capt. & A.D.C.

To G. F. Cherry Esqre Acting Collector Madura

Sir, I duly received your letter of the 17th Instant and I was rather surprised at the remark with which you concluded it.

Though you may be perfectly correct in stating that had I taken the stages marked out by the Dy. Qr. Mr. Gl. no detriment could have happened to the Detachment yet a moments reflection must convince you that in order to do this, it would have been expedient that I should have been informed what stages were marked out— I may further add that even had such an arrangement been commu=nicated to me, circumstances connected with the service might have induced

induced me to deviate from it agreeably to the descretion which the Regulations vest in Commanding Officers.

It was not my intention to have complained of any inconvenience, as indeed none of any moment occurred; nor should I have troubled you with any observation on the occasion but for your remark above noticed.

To the Acting Collector of the Madura District

Sir, It having come to my knowledge that Veziah Gopaul Tavor, has accused me of having for sinister views, been instigated by Doctor Christy - I beg leave to declare that on the 19th Instant on coming into the Fort, to Lieutt. Mellor I stopped at the Main Guard, to enquire, more particularly into certain Complaints which had been made but with a slight report - Doctor Christy coming in shortly afterwards, and being better versed in the language I stopped his Pallanquin and requested as a favor that he would interpret for me and which he was kind enough to do, he then informed me that the Jemidar, reported, the Rajah's having forced the Gate Guard upon which I immediately gave a most positive order, concerning his return Vizt. that no Tom Tom, should be beat on any account - and I then ordered the Jemidar to be relieved

I must also beg leave on my own part to state that so far from being instigated by any one I called a Court of enquiry on the Jemidar with an intent of bringing *him* to a Court martial and not knowing how to act with respect to the Zemindar or Rajah I gave him over to the Civil power and by the next Tapal sent the Proceedings of the Court of enquiry to the Officer Commanding the Southern Division of the Army – The reply to which I have the honor to enclose you –

I must also beg to inform you that on the Night of the 20th Instant about 8 OClock the Zemindar called on me and in the presence of Doctor Christy apologized for his conduct of the day before and at the same time asked my permission to re-enter the Fort with his Tom Toms Flags && and which liberty I of course granted him, he then requested me to accompany him, which I of course declined not looking on this as a visit of ceremony but of supplication – Doctor Christy went into the Fort shortly after to the Palace on a ceremonial visit and I took that opportunity of requesting him to put several public letters into the Tapaul that place being on his way –

In justice to myself I must add that it is an insult to my understanding and professional Judgement that it should be supposed that I could be influenced in my proceeding by sinister motives or the opinion of any other person and I owe it in justice to Doctor Christy to declare that his communications with me on this occasion were more conciliatory than in my opinion the Rajah's conduct was entitled to –

To Cherry Esqre. Acting Collector at Madura -

Sir Having understood that a Complaint has been preferred by the acting Minister of the Rajah and Raunee of Ramnad, stating that Doctor Christy instigated me to shew disrespect to the former when he last came to Madura I beg to state for your information that, I then being in temporary Command of the Fort and hearing the above named Personage come into the Fort with armed men, Drum beating

"beating and trumpets Sounding, accompanied also by a Suwarie without giving me any intimation, at asking permission, I then being ignorant of his person or Character sent to enquire who he was and to Know by whose authority he entered the Fort with the Horsemen, Instru=ments &c &c above detailed, I got a very impertinent answer, & afterwards having been fully satisfied that a Suwaree of armed people, warlike instruments of Music and flags did require an intimation thro' the Collector, I did of my own Judgement find fault with him for having entered the Fort with a Suwaree & without paying me the Compliment of asking leave so to do but no personal disrespect was shewn to him, on the contrary it is well Known that he begged my pardon for having shewn dis=respect to me. The two Companies then at Madura can give every satisfactory evidence when called on, and the whole of the business is written down and in the possession of the Writer of the A Company. Doctor Christy and Mr Peter I am satisfied will inform you that in their Judgement I only did my Duty.

G. Cherry Esqr. Madura

Sir, I yesterday received intelligence from Ceylon, that as every thing respecting the war there was so far advanced, and bore so favorable an aspect, that no further supply of Bullocks or Coolies would be necessary, and that the Coolies hired by you or other Collector, were to be dismissed, their service not being required; as well as any Bullocks that may have been engaged for service on the Island, and those already purchased must be sold - You will immediately receive a letter from Mr. Arbuthnot on the subject, but this from me will in all probability reach you much earlier and may prevent your making further purchases on account of the Ceylon Government -

I was favored with a Note from you the other day, the Bullocks had not reached Tutocorin yesterday, when they do I shall detain them till I reach that place which will be in the course of a day or two, and as the Government have still left it at my option, to take such as I think would prove serviceable to the Island, I shall if I find them very superior, which I am led to expect as I have the Bullocks from your District are so, make a choice of some perhaps from 60 to 100 and return the rest, either to you or Mr. Cotton to part with them to the best advantage or perhaps you may wish them returned to your District, if so I beg you will let me know -

Extract of a General letter from the Honorable Court of Directors in the Military Department dated 7th May 1813 –

Para 9th – Mr George Anderson of your Medical Establishment, who was sent to Europe by the Government of Java in charge of Invalids having applied to us for pecuniary aid equal to twelve Months Pay and allowances, and for Table or Passage Money from the Cape, we think it necessary to apprize you of what has been done in consequence of his application –

Extract from the Minutes of the Honble the Govr in Council 3d Decr 1813

Ordered that transcript of these Paragraphs & Copies of the Papers mentioned in Para 17 be transmitted to the Mily Auditor General for his consideration & report

10th – It appears by documents laid before us that Mr Anderson was ordered by the Government of Batavia to proceed to Europe in Medical charge of a Detachment of Invalids embarked on the Country Ship Claudine, and that for his Passage Money the sum of Sicca Rupees 1500 – " – " was paid to the Captain –

11th – That on the arrival of the Claudine at the Cape of Good Hope, from some objections to their treatment in that Ship the Invalids were by order transferred to the Kingstone Transport by which Mr Anderson necessarily relinquished the advantages from the arrangement made for his accommodation on Claudine and was obliged to provide his own Table and defrayed his passage from the Cape –

12th – Under these circumstances and it appearing that the removal of the Invalids from the Claudine was directed by competent authority at the Cape, we have granted Mr Anderson

the

the sum of £100 for the expences he thereby incurred –

13th. With regard to the advance of Money &c applied for Mr. Anderson has produced a Certificate to shew that he received no advance on account of his allowances but he admits having been paid Sicca Rupees 1000 by order of the Civil Commissioners at Java which he states he has entered into special engagements to refund on his return to India –

14th. In order to guide our determination relative to an advance on account of Pay and allowances, Mr. Anderson has stated that during the late Expedition to Java, the orders of respective Governments made no deduction of Tent or Horse allowance from Officers when actually on Board Ship, the General order published by you on the 5th April 1811. which is in the following words, we suppose to be that referred to, by Mr. Anderson –

15th. "European Officers proceeding with the Ex= "pedition for Foreign service shall be exempted from the "operation of the Regulation respecting the Muster of their "Camp Equipage Carriages Followers and Horse without pre= "judice to their Tent and Horse allowance during the period "of their Detachment on Foreign Service –

To the Military Auditor General

Sir,

I am directed by the Honorable the Governor in Council to furnish for your information the enclosed Copy of a despatch from the Secretary to the Government at Fort William, and to desire that the adjustment of Mr. Assistant Surgeon George Anderson, allowances may be effected in accordance with the opinions therein expressed—

Fort St. George 9th September 1814 -

(Signed) Edward Wood
Secretary to Govt.

To E. Wood, Esqre. Secretary to the Government Fort St. George

Sir, With reference to your letter to Mr. Secretary Gardiner bearing date the 27th May - I am directed by His Excellency the vice President in Council to request you will lay before His Excellency the Governor in Council for his information the accompanying Copy of a Report from the Military Auditor General at this Presidency submitting his opinion with regard to the allowances which Mr. Assistant Surgeon Anderson is entitled to draw for the period during which he was employed on the public Service in attending a party of Invalids to England -

The vice President in Council concurring entirely in the opinion Lieutt. Col. Imlack His Excellency desires me to State that this Government do not consider Mr. Anderson to be entitled to draw either Tent or Horse allowance or Cavalry Pay subsequently to the period of his embarkation for England but the vice President in Council is of opinion that Mr. Anderson should be permitted to draw the Established allowances of this Presidency during his absence on Colonial Service, as Java was considered at the time a Dependency of this Government -

A reference will be made to the Government of Java for the purpose of ascertaining what sum Mr. Anderson may be entitled to receive Credit for on account of the value of the Horse which he is stated to have delivered for the use of the public service -

Fort William the 13th August 1814 -

(Signed) H. S. G. Tucker
Secretary to the Govt.

To His Excellency The Honorable Sir George Nugent Bt. K. B.
vice President in Council

Honorable Sir,

1st. I have the honor to acknowledge the receipt of Mr. Secretary Tucker's letter of the 1st ultimo transmitting a despatch in original from the Secretary to the Government of Fort St. George on the subject of the adjustment of the accounts of Mr. Assistant Surgeon George Anderson, who had been directed by the Java Government to proceed to England in Medical charge of Invalids, and directing me to submit my

...s in the original

draw during his absence in England under the regulations or established +usage of this Presidency -

2d. There being no specific regulation on the subject of the allowances of an Officer in the situation of Mr. Anderson, re=ference was had to the records of the Office for any precedents which might bear upon the subject and I have now the honor to state for the information of your Excellency in Council that in the cases of both Lieut. Colonel Monson of His Majesty's 76th Foot who proceeded to Europe with dispatches in 1802, and Mr. Assistant Surgeon Buchanan who accompanied the Marquis Wellesly in his Medical Capacity in 1805 the personal allowances only of their Rank were passed to them Vizt. Pay and Batta to the former and Pay, Batta and Gratuity to the latter and which limitation appears to be in unison with the Madras Regulations the claims of Mr. Anderson therefore for either Tent or Horse allowance during his absence in Europe is objectionable under the usage of both Presidencies.

3d. The claim for Horse allowance is further objection=able because Infantry officers doing duty with Cavalry Corps are not allowed Horse allowance for any period subsequent to their services with such Corps, being dispensed with, and Mr. Anderson must be considered as having been withdrawn from the Corps of Horse artillery when he was directed to take the Medical charge of Invalids proceeding to Europe -

4th. This remark is equally applicable to the diffe=rence between Cavalry and Infantry Pay to which Mr. Anderson appears to lay claim -

5th. With respect to the doubt expressed by Major Prendergast as to the scale of allowances to which any orders of the Java Government may be held to have given Mr. Anderson a claim of the remark refers to orders detailing any specific al=lowances granted to Mr. Anderson by the Java Government in consideration of the duty to which he was appointed, I beg leave to state that it does not appear that any orders of the description alluded to were issued but if the observation has reference to the rates of allowances to which he may be considered entitled whether Bengal or Madras - I have the honor to submit that as the General orders of the Java Government directing the Military Force on the Island with certain exceptions to be put on the same footing of allowances as authorized by the Bengal regulations are of anterior date to Mr. Anderson's embarkation for Europe I am

not

+ Pay & add.l allow.s 3 Sicca Rupees p.r day full Batta 4 – Gratuity 24 p.r M.o

"not aware of any objection to his being permitted to draw allowances at those + rates –

6th. It may perhaps be unnecessary to advert to the claim of Mr. Anderson for the cost of a Horse said to have been transferred to the Government of Java by order of the Commander of the Forces, but not paid for the Copy of the order or receipt for the Horse so delivered not being forthcoming, a reference on the subject to the Government of Java becomes of course necessary as well to establish the fact of the delivery of Horse as the amount of its value –

7th. I have the honor to return the original Documents received with Mr. Secretary Tuckers letter now acknowledged and to be –

Instances having occurred of Collector's charging to the Treasuries to which they make remittances, the expences of transmission, instead of all parties charging in their own accounts, under the common Head of "charges merchandize on Treasure" - as directed in the explanations upon that Head prefixed to the printed Forms of Revenue accounts - their own actual disbursements on such occasions, I am requested by the Accountant General to beg your reference to the directions referred to, and that henceforth you will always debit to that Head, at the time of their occurrence, all charges connected with the transmission of Treasure (whether despatched or received by you) which may be actually defrayed from your Treasury; and that you will not enter in your Accounts any sum as charges merchandize on Treasure, which is not actually disbursed from your own Funds-

To the Collector of Madura &c. Revenue Department

28

Sir,

I am directed by the Accountant General to request your reference to the circular instructions issued in preceding years for the preparation of the annual Accounts of your District, and to beg that you will cause those for the year which expires with the termination of the present Month to be framed as early as may be practicable -

The printed forms of Revenue Accounts introduced at the beginning of this year, have determined the order and Contents of the Revenue Statements with a degree of precision which will it is expected, be found to facilitate materially the preparation of the annual Statements -

The Abstract Statements of the actual Receipts and payments of your Treasury in the course of the year, should be drawn out precisely upon the model of the Monthly accounts Current as taken from the printed form containing the same Items, with the same particulars under each Head as the Monthly accounts Current have done only with the total of each Item of the Contents of the twelve Monthly accounts abstracted in one sum -

Upon this plan where only one description of receipts or of payments under any Head has happened in the course of the year the particulars of that Item will be expressed as in the Monthly accounts Current in a single line, and in one sum but if, as will be the case under the Head of "Salary and Commission," and that of "Judicial Department" and under some of the Heads of "General Books", more than one description of receipts or of payments have occurred, than the particulars of each and the annual total of each will be specified, thus the receipt of Salary and commission of the Collector will be shewn in one line and those of his assistant in another, as is done in the Monthly accounts, and the aggregate of all the payments under the Head will be shewn seperately as is done every Month, so also, under the head of "Military Department," the total advances within the year to the Paymaster will be shewn in one line, and those to the Commissariat in another, and bills for extra Military charges incurred in the Revenue Department in a third the aggregate of the whole being finally stated as is done Monthly under the head of "Judicial Department", the total payments in the year to each Judge and Register with the several other particulars under that head stated in the Monthly accounts will be shewn distinct -

The

The same destinction will also occur under the head of remittances and transfers between Collectors the total amount of the transactions of receipts or payments that may have happened with each Collector, being stated destinct, and the aggregate of the whole contents of the head on both sides of the accounts being finally carried out to the proper Column of totals—

The Regular Estimate of the ensuing year will be drawn up with the usual exclusion of the Division of the Account pertaining to the "General Books" but in every other respect precisely in the form of the Monthly accounts Current which by the preceding instructions has been made the model of the annual abstract Statement of actual receipts and payments—

In the annual Comperative Statement the Heads of receipts and payments should be the same as in the other annual Statements and they should follow in the same order but the totals only of each Head are needful to be shewn, the transaction of receipts and Payments under the several Heads beneath "General Books" are not required to be entered and the general form of the Statement must necessarily be different from that of the other annual accounts, in this last point, the form hitherto used may be used still It is particularly requested that Collectors will give their attention to the insertion in the Columns of "Remarks" of proper explanations of the causes of the increase or Decrease which may appear by the Columns of the paper between the Estimated and actual transactions of the year—

The Accountant General requests that the several Statements may be despatched as soon as they should be finished and it is hoped they will respectively reach this Office by the following dates—

1.st The annual Abstract Statement of the actual receipts and Payments of 1814/15 .... by the 5.th of June
2.d The Comparative Statements of 1814/15 .... 15.th of June
3.d The Regular Estimate of 1815/16 .... 30.th of June—

In the letter accompanying the last mentioned Documents the cause of any materials difference that may be expected between the Collections or charges of next year, and those ascertained by the Statements of this year should be explained, as the circumstances of the present period render it necessary that the grounds of any variation in the scale of the public Revenue or charge should be distinctly known.—

To the Post Master, Madura.

Sir

I have the honor to transmit you Copy of the Orders of Government to this Office, and request you will be pleased, at your earliest convenience, to furnish me with full, and specific information on each of the four points therein referred - and I shall be obliged if you will take the further troubles of forming a Sketch of the route of the Tappal thro' your Districts, (an Hircarrah map if you have not the means of greater accuracy,) noting the several Villages, and principal Places, and Stations thro' which it passes, the distance between each, the Rivers and Nullas, or other impediments which intersect it, and the particular Stations of the Runners respectively with the distance between each Station, specifying also, at the extremities of your range where that of your neighbouring Collectorates join, my object being to form a General Map, shewing the Route of the Tappals thro' the Territories on this Coast-

In reference to this Sketch you will be so good as to point out any particular place where facilities are wanting to expedite the Tappal, suggesting the means of remedying such defect; and, if it shall appear to you that the route may be advantageously altered, you will be pleased to trace such alterations on the same sketch, stating your particular reasons, and shewing the several particulars of distances &c as desired in regard to the present route, having in view, at the same time that it is not always the most direct route that can be adopted, the expence of the Establishment being already so great that Government find it necessary to make the route circuitous in many cases in order to embrace several Stations at the least practicable charge - it may happen, however, even with a due regard to this Principle, that the present routes may admit of amendment, and it is to this I wish to direct your attention - the difference of Expence attending such alteration you will likewise particularize -

Ft St George Genl Post Office 30th April 1815-

Extract of letter from Government dated 29th March 1815

I am directed to take this occasion of expressing to you the desire of the Governor in Council that, after you have had time to examine the management of the Post Office throughout the territories under this Presidency, you will submit a General report on the subject, and that your report may particularly advert to the following points Viz. 1st whether the number of runners and the time of running are in all instances proportioned to the distance, whether either of them might not admit of being reduced, or whether an encrease of runners might in some cases serve to reduce the time of running; 2dly whether there are any constant or occasional impediments to the progress of the mails such as swamps, rivers or Nullahs, which might admit of being easily avoided or obvided; 3dly whether the checks in force are generally effectual in preventing any unnecessary delay in the despatch of the mails and any embezzlement of the revenue derived from the Post Office; 4thly whether you are aware of any mode of encreasing that revenue. –

The humble Arzee of Rymeer Khan son of Killidar

Respectfully Sheweth

That your honor were pleased to say to my Brother Ally Mully Khan to satisfy our Sister who claim with us I sent to your honor a Moochilkah in March as well as a deposition in February there in promising to supply my Sisters with food and raiment you will be understood thereof if those depositions be ordered to translate — Government has been pleased to establish a Salary of Pension on me and my Brother Ally Mully Khan as well as other Killidars of the late Nabob after the Company has taken charge of the whole provision of Store House to the value of 15000 Pagodas from my custody the the Government has directed to enter my name and my Brothers in the Monthly abstract of Military and to pay as the above Pension and this order of the Government is entered in the Record of Paymaster in the time of Mr. C. H. [illegible]therell which will be known by Veerasawmy if he be directed to produce or point out it and upon reference being made to the record your honor will find either our names or our Sisters are entered —

Some time before our Sisters gave their Complaint to Mr. Parish claiming that they have right to receive 20 Rupees out of our Pension upon which the said Gentleman in answer to the Complaint informed to our Sisters that they had not entitled to their claim because the Government has fixed and conferred the Pension to us in consequence that we had delivered the Store to the charge of the Company and that they were allowed a Pension by order of the Government and the Pension is not to be considered as Mauniyem as they to have share thereof and that the Pension to be continued to pay only during our life

trait

but that they only entitled for food and raiment if to this they agree he would direct us to support them we accordingly supported them for 7 Months to the year 1812 - afterwards they (our Sisters) upon the bad persuation of some people &c fled to Madras (without our knowledge) to their husbands who serve the Nabob to prefer complaint againts us if they have any claim they must get it settled by applying to the Madura Zillah Court, but instead of so doing made their false application to the Government - I wrote them 10 letters &c stating that I would support them as Maumool but they did not come -

I beg your honor will be pleased to send for them and I will also attend when you will determine this case -

Shall ever pray

Sir,

The Reverend vicar of Muttupettey church, reported to me the Confiscation, by the H. C. orders, of two Gramam named Tengendel and Muttupettey, both belonging to the above mentioned church, but the Causes are not reported, as unknown to himself. I know very well the liberal, and generous Character of the British Government, who is accustomed to bestow to not to take any thing from the Churches, therefore I am fully persuaded, that the aforesaid Confiscation, whatever may be the final intention, will not fall in prejudice of the Church.

Under the firm Conviction, that your not less liberal, and generous Character will excite your attention in favor of the Church, I abstain myself from explaining further particulars, and, laying all my hope on your protection, I remain sure of not failing in my expectation. To the Collector of Madura and Dindigul.

Sir,

In consequence of a new arrangement of the Revenue Books, ordered by the Honorable Court of Directors, it has become requisite to exhibit in the Revenue entries of the General Books for the official year the demand upon each District on account of Land Revenue for the period of the official year, that is from 1st May to 30th April annually, together with the Collections realized within the same period on account of the demand in that space of time.

The calculations of the state of the demand collection and balance of your District in the monthly abstract sent to this office, being framed for the period of the fusly year, that Statement does not in its present shape afford the information which is now

now required for the purpose stated in the preceding Paragraph -

In consequence of these circumstances, I am directed by the Accountant General to request you will transmit a Memorandum in the exact form of the enclosed Draft, to shew the state of the demand on your District within the period of the last official year, the Collections realized on account of that demand within the same space of time, and the amount of the balance outstanding on the 1st Instant -

I am to request that this Memorandum may be transmitted with the least practicable delay and that particular care may be observed in drawing it out in order to ensure its correctness -

(Circular)

To the Post Master Madura -

Sir,

Being desirous of ascertaining the actual rates of Postage charged throughout the Company's Territories on this Coast, I have prepared the enclosed Forms of Statements, which I shall be obliged by your having filled up, and returned to me at your

earliest convenience, explaining, at the same time the rule by which they are regulated; also, in what particular Cases you dispense with the payment of Postage on the delivery of a letter, or Packet for transmission, allowing it to bear Postage –

The present Enquiry is partly induced by having observed, in some instances, a want of consistency in the charges of Postage; the lesser having been charged more than the greater distance; and the Postage for the same distance (to, and from) varying very considerably that is, A to B is charged one rate, and B to A, tho' passing over the same ground, and carried by the same Runners, (going to and from the same places) a different rate –

2d. Your particular attention is requested to the prompt and accurate preparation of this Estimate and you will have the Goodness to explain, in the Column of remarks, the cause of any material difference, either of increase or Decrease in the amount of the items it contains, compared with the actual amount of the same items in the Corresponding period of last year.

I deemed it my Duty, after many admonitions to the arrack renter, not to sell arrack to the Sepoys, and of which he took no notice to place a Guard near his Botiques with positive orders to prevent the Sepoys of the Garrison from stopping to drink at those places.

The guard in question has in no one instance

To Rous Peter Esqr. Collector &c. &c. &c.

Respectable Sir,

I have had the honor to receive your letter dated the 19th Instant from Perrea Colum, with the enclosed Copies of complaint preferred to you by the Monegar of Tennumputty.

On the receipt of this, I had written to the Sub. Asst. A. Chamaratt, who was employed in that quarter for the purpose of filling the details of the Survey, to whom I have sent a copy of the complaint charged against him, as well to Explain in a satisfactory manner that I may submit the same to you.

I have this day received the enclosed Copy of a letter from the Sub. Asst. A. Chamaratt, which altho' evinces he has encountered some difficulty and delays on the part of the Inhabitants by the inattention paid by the Monegar, to the duty entrusted to his charge and at the same time forwarding a receipt for the supplies furnished him.

I submit this most respectfully to your candid discretion, to censure the Sub Asst. A. Chamaratt as he may appear to Deserve.

To [illegible] Thomas Turnbull, Senior Asst. Surveyor

Sir, I have received your letter of the 21st June together with a Copy of a letter from the Collector addressed to you, and also Copies of the Complaint preferred against me, by the Manigar of Thennumputty.

While I was employed in extending the Survey of the Yerriode pollam towards Thennumputty in April last, the Maniger, was absent at that time, I sent him two Peons apprizing him of my arrival upon which he refused coming to me, the Inhabitants in consequence paid but very little attention, and I was compelled to leave the Survey of the boundary between it and Vuddamadura unfinished, and proceed to Iyaloor till I could obtain a more favorable opportunity by the attention of the people to aid me in the prosecution of the

Duty

Duty entrusted to me -

Inclosing the Survey of the Terriode pollam, I moved from Paudeyoor to Thennumputty, I sent for the Manigar and told him the reason of having been under the necessity of coming here to close the Survey of the boundary and to afford me the necessary assistance required, upon which he seemed to take but very little notice, that while the Survey ought to commence at sun rise I was obliged to wait till about 10 o'clock A.M. before I could get any people for the Survey, and after all, no fit person to shew me the boundary and I was induced to labour with much difficulty and trouble under the most scorching heat of the sun; under these circumstances I beg to assure you, that I would have had rather complained of the Manigar than the improper step I had pursued in striking him with a rattan I then held in my hand, which, I am sorry as given him so far a pretence to make a public complaint against me, which I shall hereafter ever avoid, as this being the first complaint against me, since I have been placed to your care, of which I had informed you of, and was made sensible of the consequence that I may be liable to suffer by it.

As to furnishing me with the necessary articles I had paid them for the same, as I do in every other Village, according to the rates specified to m[illegible] the Police people and herewith enclose copy of a receipt, w[illegible], I trust will acquit me of this charge alledged against me, and also of my Servants having received Batta &c. from the Villagers gratis, I leave the whole to your consideration, and beg you will be pleased to represent them to the Collector, and my constant solicitude will be my Duty to prove deserving of his patronage, and that of my Superiors -

Sir,

In the Malabar year 959 the Rajah of Travancore in proceeding to Ramaiseram purchased from the Nabob of the Carnatic the Village of Kakoor in the District of Ramnad and appropriated its revenue and produce to the support of a Charitable establishment at Ramaiseram. — & From that time the accounts and affairs of the Village of Kakoor have been exclusively managed by the officers of the Travancore Government. The person now in charge of the Village on the part of this Circar has lately represented that in consequence of the recent sequestration of the District of Ramnad he has been called upon by the Servants of the Collector to produce his accounts for examination at their Cutcherry. I forward to you a Memorandum on this subject which has been delivered to me by the Diwan of Travancore and I beg leave to suggest to you the expediency of orders being issued for discontinuing all interference in the Management of that Village and for permitting its affairs to be conducted according to the usage which has obtained during so long a period of time.

To the Collector of Madura

Sir,

On the 1ˢᵗ Instant I addressed the Judge and Magistrate of the Zillah of Madura on the subject of a combination which exists amongst the Shroffs at this place not having received any answer, I this morning sent to the Head Shroff who has given me a paper saying neither he nor any of the Shroffs, have either Madras or Shooly fanams which paper I now send you.

As the Troops here are in great distress I should be obliged if you would take such step to make the Shroffs procure fanams. they say if they could procure them from your Cutcherry here a sum in fanams they would issue them at the same rate to the Bazar at which they would receive them.

On my first arrival here the exchange was

was at 20½ Shooly fanams per 1 Star Pagoda, now reduced to 25 and scarcely will the Shroffs give that sum for the Pagoda altho' I have reason to suppose they have fanams in their hands at this instant and which they seem determined to keep up until the exchange is even lower than at present.

I take the liberty of sending you a copy of a part of the letter I addressed to the Judge on the subject and trusts you will excuse my troubling you on this occasion.

Revenue Department

To the Collector of Mad[illegible]

Sir,

I am directed by [illegible]ountant General to forward to you enclosed a Memorandum explanatory of certain differences which have been discovered between your several accounts transmitted to this Office.

The first part of the Memorandum relates to differences which appear between the Monthly accounts Current and Monthly abstracts furnished in the course of the past year 1814/15, and the annual abstract of the Receipt and disbursements of the Treasury for the same period and the Memorandum of Land Revenues recently furnished.

The total Collections of Land Revenue according to the Monthly accounts, you will observe amount Pag. 3698. 43. 51

more

more than the Sums stated in the annual accounts and Memorandum—

On examining the detail of the several accounts the difference is found to be occasioned by the same Sum being entered in the annual abstract under the Head of "Sundry small farms," and in being omitted in the memorandum of Demand Collection and Balance of Land Revenue which in that Item corresponds with the annual abstracts—you will have the Goodness to report to the accountant General—whether in this respect the Monthly or the annual accounts are the correct ones—

There is also a difference, as shewn in the last part of the enclosed Memorandum, betwixt the sums stated in the Monthly accounts and those in the annual abstract, for current and arrears collections of Abkarry—you will in the same manner report whether in the point, the annual or the Monthly Accounts exhibit the real state of this branch of Revenue—

Your earliest notice of this reference is requested, as the General Accounts of the office must be delayed pending its transmission—

To Rous Peter Esqre Collector Madura –

Sir

I have the honor to acknowledge the receipt of your letter enclosing Extracts of Retrenchments made by the Civil Auditor until I can provide Certificates for the last Regimental Pay drawn previous to my being appointed to Ramnad as well as of the period of my having assumed Medical charge of the Civil [illegible] there –

In reply I have to state, that an application shall be made by me for the Certificate for the Regimental allowances under circumstances which must obviate that part of the Retrenchments in question; but as far as relates to the period of my taking charge of the Civil Dut[illegible] [illegible]erson here is qualified to authenticate the Doc[illegible] required – I beg leave however to state that I arr[illegible] [illegible] the purpose of performing those duties on the 19th of February 1814 and that with the exception of Mr. Asst. Surgeon Christy at Madura having charge of the vaccinating Establishment of this Zillah no other Surgeon could perform any part of the duties – I therefore made an arrangement with Mr. Christy to prevent confusion as to broken periods for my drawing the allowances for that department for the month of February – and considering myself entitled to all other Civil allowances from the Date of my appointment by Government Vizt.

the 11th January 1813. I accordingly drew them from that date for the following reasons.

1st. That no other Surgeon could possibly be entitled to them

2dly That I had to provide at the date of my appointment an Establishment to meet the exegencies of the public service on my arrival at Ramnad.

3dly That I lost no time in joining my Station a distance of upwards of 300 Miles.

4thly. The heavy expence I incurred in travelling so great a distance.

5thly That in drawing my Civil allowances from the date of my appointment by Government I did consider myself as acting in conformity to the established usages of the services in the Civil Department

These explanations I trust will prove satisfactory to the Civil Auditor, otherwise I must respectfully solicit the Decision of Government on the subject.

on the progress of the Survey in the Month of August together with the accompanying letter to the Surveyor General, and beg you will be pleased to frank and forward the same –

In order to effect a Survey of the Seru-Mally Mountains we proceeded over the Ghaut that leads from Unjelipatty to Mullayoor, a village situated on those hills, where our time had been occupied for six days in extending the particular survey in different directions, and in which we have ascertained the sources of all the Rivers that take their origin from this stupendous range – The Population of these hills four years back amounted to upwards of four hundred individuals, but at present consists of only sixty-six, in three wretched hamlets. I have experienced the inhospitableness of the climate of the Seru-Mally Mountain[illegible] coming [illegible] being attacked with a Fever which induced me to proceed to this place for Medical assistance, now afforded me by Doctor Jones – I hope however, to get speedily recovered of its effect –

I herewith enclose our Pay abstract for the Month of August, [illegible] beg you will order its discharge –

Revenue Department

To the Collector of Madura.

Sir,

Instances having often occurred of Collectors

bringing

bringing into their accounts both advances to, and receipts from the Post Office Department under their superintendence, in the Month subsequent to that when the corresponding Entries were made in their accounts with the Post Master General - charging, for instance, in their revenue account Current for May, the advances made from the Revenue Funds to Pay the surplus charges of the Post Office for April, while the advance was Credited to the revenue Department in their account with the Post Master General for the month of April, and so in the instance of surplus receipts transferred from the Post Office Department to the Revenue Funds - a practice which occasions perpetual disagreement betwixt the Revenue and Post office accounts rendered by those Departments respectively to this office - I am directed by t[illegible]ntant General, to request your particular attention to the insertion henceforth invariably in the same months accounts, in both Departments, of all transactions of receipts or advances betwixt them -

You will perceive on reference to the forms of entry for the Post Office surplus receipts and charges given in the accountant General's letter of the 14.th December last, that if those forms were observed the differences in respect to the period of the transactions could not happen -

I am to request that the receipt of this letter may be acknowledged -

To Mr. Thomas Turnbull Senior Surveyor

Sir,

It is with the utmost regret I have to acquaint you, that while employed on the Survey of a detached portion of land belonging [illegible] Shunnic[illegible]m & dependant on the Ammanaik pollam at the Village Vuddugaputty a most daring robbery has been last night committe[d i]n the Chuttrum where I put up, and besides a few private articles, I have the mortification to state that the Theodolite which was entrusted to my care for the Survey is also lost excepting the stand —

I am totally at a loss how to proceed & further about the matter, and therefore leave it to your direction to adopt such measure as you may deem expedient on this occasion — I have however lost no time informing the Police and Nautamacars of this circumstance and pointed out to them the absolute necessity of using the most vigilant exertions towards the detection of the robbers; I am at present waiting your further directions —

The Court having attentively considered the Evidence of the witnesses Tiagarajapillay, Veerasawmy Setty, and Ramasawmy Naig, and the Exhibits marked A and B No. 177 on the part of the Defendant, and the Evidence of the witnesses Audemoolumpillay, Comaurovailoopillay, Mootiapillay, Arnatchellapillay, Cautavaroyapillay, Coopanapillay, Naugalingumpillay, Mootoocomiapillay and the Exhibits, Vizt. Copy of an Arzie together with a Copy of a letter from th[e] Secretary to the Board of Revenue, accounts, Receipts, Lists, Sunnuds and Certificates, on the part of the Plaintiff, are of opinion that the Exhibit Marked A No. 177 purporting to [be the] Will of the late Rauney Moongalasuvery Nauchiar is a forgery, because it has been proved by the witnesses on the part of the Plaintiff that the Rauny aforesaid was not present when the Will was written, that her signature was subscribed to it by Tiagarajapillay at a time when She was absent from Ramnad; and the Court are of opinion that the Document marked A No. 177 is further defective in not containing the name of the scribe who wrote it, which according to the opinion of the Pundit, it ought to have contained, and in regard to the signature of Mr. Parish to the Exhibit A No. 177, the Court are of opinion that it is not an attestation of the late Rauney having subscribed and sealed the Exhibit A No. 177 in his presence because Mr. Parish according to the testimony of Tiagarajapillay, subscribed his name to the Exhibit at Teppacolum near Madura

some

some days after it was drawn out and executed at Ramnad, on which occasion Mr Parish was not present. Neither do the Court consider the signature of Mr Parish to be an attestation of the late Rauny having declared the Exhibit A No. 177 to be her will when that Exhibit was, as stated by Teagarajapillay shewn to Mr Parish at Ramnad in the presence of the late Rauny and Colonel Marting, because Mr Parish had subscribed the Exhibit A No. 177 some time before that meeting took place. The Court further consider that the signature of Mr Parish in his official capacity of Collector to the Exhibit A No. 177 creates a doubt whether that Exhibit was so subscribed by him, at the time stated by Defendants Witnesses Teagarajapillay, that is to say some few days after the execution of that Defendant dated 1st Chittery year Prabavah, corresponding with 11th Apr[illegible] because Mr Parish was not collector of Ramnad at that period as appears by the Plaintiff's Exhibit marked X dated 18th April 1807, and Plai[illegible] Exhibit U dated 14th July 1808, both bearing the official signature of Mr R. Kinlock Collector of Ramnad, the latter of which makes express mention of the incorporati[on] of the Zillah of Ramnad with the adjoining Zillahs of Tinnevelly and Madura, and in a manner which in the opinion of the Court proves that event to have been then recent.

The Court are also of opinion that the Exhibit Marked B No. 177 purporting to be a Deed of Consent on the part of the late Rauny Mungalaswery Nauchiar and her husband Ramasawmytaven to adopt the son of Velliamay is also a forgery because it has been proved by the evidence on the part of the Plaintiff that this Exhibit was drawn out by direction of Teagarajapillay in his own house in the Month of Mausey year Prajotpathy at the time when the late Rauny Mungalaswery Nauchiar and her husband Ramasomy

Ramasawmytaven were both Dead and that the Signature of the said Rauny was subscribed to it by Teagarajapillay and the Signature of Ramasawmytaven her husband was subscribed thereto by Veerasawmy Jetty a Witnesses on the part of the Defendant- The Court are of opinion that the Exhibit B No 177 is further defective on the grounds assigned by the Pundit in his opinion as to the legal form and substance of that Defendant- The Court observe also that the Exhibit B No 177 conveys no authority to the late Rauny Mungalasweery Nauchiar to adopt the son of Valliamay after the death of her husband as maintained by Defendant-

Upon due consideration of the Exhibits A and B No 177 and the relative situation of the late Rauny Munga=lasweery Nauchiar and her Neice the Plaintiff Rauny Sevar=gamy Nauchiar at the time of the pretended execution of these Documents the Court are of opinion that the transfer of the Zemendary of Ramnad by the late Rauny Mungalasweery however made by will or otherwise to the prejudice of the pre-existing rights of the Plaintiff, daughter & sole heiress of the late Rajah of Ramnad Mootoo Ramalinga Vizia Ragoonada Sathoopathy, is and was null and void, & because it has neither been proved nor in any manner made out, that the late Rajah Mootoo Ramalinga Vizia Ragoonada Sathoopathy had perfected his right of possession to the Zemendary of Ramnad by any public act of the Government-

The Court have already declared their opinion in their Decree passed in this Case, that the Rauny Munga=lasweery Nauchiar was placed in charge of the Zemindary of Ramnad on Grounds of political convenience only, and the Court cannot consider the mere grant of a Sunnud & i Milkiut Istimrar subsequently obtained by her, to have annulled or affected in any manner the right of inheritance

by

by blood existing in the person of the Plaintiff Shevagamy Nauchear to all the rights, privileges and possession of her late father Mootoo Ramalinga Vezia Ragoonanda Sathoopathy Rajah of Ramnad, who as well as the Plaintiff were both living at the time the aforesaid Sunnud was granted, and whose right to the possession of the Zemindary of Ramnad was unimpeached by any public declaration of the Government expressly invalidating the same. On these grounds therefore the Provincial Court do confirm the Decree passed by them in this Case bearing date the 13th Decr 1813, and do hereby Certify the Confirmation thereof, and adjudge the Costs be paid by the Defendant conformably to the following Statement -

	Rs.	F.	C.

the 21st he ordered to bring them after three days - The Bills were accordingly presented to him again, and procured his acceptance on the 24th Ultimo -

After the term specified in the Bills had elapsed, they were presented to the Collector for payment, who granted a letter, enclosing the Bills to Becaujee Royer the Cash Keeper at the Cutcherry and desired our constituents to take it to him saying that he will discharge the Bills the letter was given to Becaujee Royer, who said, having no time on that day, to come on the following day; they accordingly went to him, he said, that as no Cutcherry that day being sunday, to come on the next day, accordingly they went to him when he (Becaujee Royer) told them having no Cash, and that it will take up a month more to discharge the Bills, upon which our constituents asked him to return the Bills and the letter, [illegible] immediately ordered the Peons [illegible] push them off by neck, keeping the Bills and letter [illegible] and the Peons did so accordingly; they acquainted the circumstance to the Collector, who ordered that the Bills will be discharged in three days.

Sir,

I beg leave to acknowledge the receipt of letter dated 11th September 1815, enclosing Copy of a list of articles stated to have been supplied me and Apt. C. McMahon, whilst employed on Survey in the Palaney Division, for which it is reported that payment was not made –

I take the liberty to state that I have all along made it my particular duty to pay for all supplies during my Survey, and of possessing the necessary receipts from the head Inhabitants of the different Villages; but in those alluded to in the list sent to me, I humbly beg to observe, that owing to the non attendance of the Nautamears and other inhabitants, who as soon as the survey in their neighbourhood was completed and we were preparing to proceed

to Dindigul paid very little attention, and would not appear although repeatedly sent for, in consequence of which I found it impracticable to pay for the supplies received there, and obtain the usual receipts — I had however intimated this circumstance at the head Cutcherry in the hope that proper measures would be used towards adjusting the Matter, but before being effected, I am concerned that it has been represented as a complaint against me.

I further beg leave to add that I will not delay liquidating the payment for these supplies, which I must affirm has not been withheld from any intention of defrauding the Villagers in their right.

To Rous Peter Actg Collector of Madura

Sir

I beg leave to acquaint you that I have directed Assistant Surveyor J. Robinson on [illegible]th June last to proceed into the Dindigul District to assist in forwarding the Survey of that District which appears to have been of late retarded by sickness among the Surveyors -

Having lately received his report of his arrival of 22d. Ultimo I have to request that you will be pleased to issue the Pay and allowances of Assistant Surveyor Robinson monthly while employed on Survey in your District in like [illegible] (as to the other Asst. Surveyors) as he was lately employed on the Tinnevelly District until such time as farther orders are received from Government respecting his allowance - The Certificate of the last monthly Pay he received from the Collector of Tinnevelly will be your guide as to the first Payment to be made and its amount - (Sig'd) Colin Mackenzie S.G. [illegible]

Surveyor's Genl's Office Madras, Septbr. 19th 1815.

To the Collector of Madura -

Sir,

Para 1st. I am directed by the Accountant General to acknowledge the receipt to day of your letter of the 16th Instant, which bears a post mark of the 18th; a discrepancy of dates which you will have the goodness to explain -

2d. The Accountant General directs me to express his concern that you should have suffered public Bills upon your Treasury to be returned unpaid to the hands of

of Native holders, when, as it is plain, you had 10 Days notice of the Demand, by the period of their sight, and allowed that period to elapse without, so far as appears, making any effort whatever to provide funds for their discharge; and certainly without any successful effort when various means were evidently within your power. For upon an occasion like the one under notice you might have applied for a loan to the Commercial Resident, or to the Collector of Trichinopoly for a remittance which either party, on a representation of the Cause, would have bee[illegible] authorized to afford.

3.^d — You also omitted to apprize this office of your inabil[illegible] to pay the bills for the space of a Month a[illegible] you received advice of their being drawn, although it [illegible] apparent that you must have been aware of your inabi[illegible] to discharge [illegible] the time of their presentment, [illegible] might have [illegible]ned whether you would be able to p[illegible] them or not — Ha[illegible] you given such notice when it shou[illegible] have been given, steps would have been taken to plac[illegible] you in funds immediately.

The advice of their being drawn was dispatched on the 14.th Ult.o and your advice of inability to pay was dispatched on the 10.th Instant.

4.th — Should the holders of the Bills in your District still possess them, and you should not have already discharg[ed] them, I am to request you will instantly apply to the Commercial Resident at Ramnad or to the Collector of Trichinopoly which-ever is nearest, for assistance to pay the Bills —

5.th — The Collector of Trichinopoly will also be directed to remit to you Twenty Thousand Pagodas in case you shoul[d] require assistance to that extent to meet any other public Demands upon your Treasury —

To the Collector of Madura.

Sir,

Para 1st Since the date of my last letter to you on the subject of the dishonoured bills upon your Treasury, the holders have presented them with the letter of which a Copy is enclosed for your information.

2d. Finding from the part[illegible] concerned that the bills had been intended to effect a remittance to Nagore, the Accountant General in consideration of the loss and inconvenience sustained by the people in consequence of your measures, has granted to them in exchange for those Drafts, bills upon Tanjour, which are not otherwise procurabl[illegible] and at th[illegible] shortest possible period of Sight.

3d. In thus announcin[illegible] you the termination of this most vexatious subject, I am directed to apprize you of the importance attached to the punctual honoring of the public bills, of which it should seem [illegible] you could not before have been aware, and to express a hope that, as this is the first and only instance in which any bills of this Government have been dishonoured at a public Treasury, it may, in your case, be the last.

4th. If the Trichinopoly remittance has not been already received, you may countermand it, if not wanted for any other purpose (the primary one being disposed of) or if wanted you may suffer it to proceed as originally directed.

Humbly Sheweth That during the administration

of Governor North, I left my Country, and coming to Columbo, waited upon, and informed the said Governor of the whole of my circumstances and the state of my affairs, who was pleased to patronize me, and allow me a monthly salary of 100 Pags. During the administration of Governor Maitland, he was pleased to direct, that out of the 100 Pagodas originally granted to me 30 Pagodas should be paid to Permaul Naick, and 70 Pagodas to me - which was accordingly done - When I was sent to this part of the Country, orders were sent to Colonel Manual Martinz Commanding Ramnad, respecting the Payment of my allowance; as also to give me every necessary & assistance - On my arrival at Ramnad, I delivered the letter sent by me to the said Gentleman; who paid me the stipulated allowance - In the interval, Permaul Naick, and Asoovandy Mugaunderam, informed Colonel Martinz that the sum allowed them was insufficient to support them, who wrote on the subject to Governor Maitland, and received orders to allow me 50 Pagodas, Permaul Naick 30 Pagodas and Asoovandy talavan 20 Pagodas - which the said Gentleman did accordingly - After his death, and while the said allowances were paid by Mr. Hepburne Collector of Tinnevelly, the aforesaid two persons informed that Gentleman that their allowance was insufficient, who after mature enquiry said that he could make no alteration in the case; from which time to the present period, the Customary allowance of 50 Pagodas per Month was paid to me, 30 Pagodas to Permaul Naick, and 20 Pagodas to Asoovandy talavan - I am informed that Asoovandy Mogaunderam alias Asoovandy talavan has informed the presence that his allowances is insufficient the sum allowed to me is insufficient for my support, and that of my dependants - The Honorable Company have been pleased to patronize me, and the orders given to me

To the Collector of Madura –

Sir,

By a Correspondence among the English Records in my Cutcherree, it appears, that when the present Zemindars family was restored to the Chockumputty Pollam in the year 1796, M^r. Powney, at that time Collector of Poligar Peshcush, stipulated with the present Zemindars Father Vellungapootetavan, for the appropriation of the Village of Collianary, for the support of the deposed and his family, and to that effect, agreements were passed between the parties; that Chinnanunjah tavan the deposed, apprehensive of living in the Pollam, instea[d of] taking Possession of his Village, in the year 1797 attended at the Ramnad Cutcherry where M^r. Jackson then presided, and requested that he might be allowed to reside more immediately under the protection of the British Go[vern]ment whereupon M^r. Jackson wrote to the Board, recommending a compliance with his wishes, which was granted, and took a Muchelka from the Zemindar, by which he agreed to resume charge of the Village, and to pay into the Circar Treasury in behalf of his predecessor, deposed, 110 Chuckrums every month – The original agreement from Vellungapootetaven, which Chinnanunjah tavan says, he never received, nor the original Muchelka, subsequently taken, I cannot however find in my Office, but that they had existence, there can be no doubt, both from the Correspondence with the Board, and with the Zemindar, Copies of which are

found

found in the hand writing of Mr. Jackson —

2. My object therefore in addressing you on this subject is, since I learn, that on the abolition of of the Ramnad Collectorate, and the junction of part of it to Madura, and part to this District, the Malabar records were not properly sorted, but the greater number of them carried indiscriminately to your Cutcharee to request, that you will have the Goodness to order a strict search to be made for the original agreement, and Muchelka &c among the records of your Office, and transmit them to me, if they can be found; they were of such moment, that I cou[ld] imagine them to have been lodged in th[e] Treasury, as the safe[st] place of deposit for them, th[e] records of that Department might therefore be parti=cularly examined, and if you could also transmi[t] to me any further information, respecting [th]e amo[unt] paid at dif[fere]nt times into the treasury by the Zemin[dar] in fulfilment of his last Muchelka, and when an[d] wherefore the payments ceased, it would be of g[reat] use to me in [a]ttending to the orders, I have rece[ived] from the Boar[d], which are to prosecute the Zemin[dar] for the arrears due —

Colonel Mackenzie having returned to me the Reduced Map of Dindigul to insert in it the whole of the surveys that has been performed to the latest date, I take the liberty to solicit that you will be pleased to send me the reduced Map of the Madura Country, to enable me to trace accurately the Southern boundary between this Province, and the Madura District; that still lies unsurveyed, and I shall carefully return the Map in a few days —

Dindigul 25th November 1815

Surveyor General Office

To Mr. Thomas Turnbull Assistant Surveyor Dindigul

Sir,

As I want to have all that is surveyed of [illegible]e Collectorship and Distr[illegible]t of Dindigul laid down as [illegible]ly as possible for introduc[illegible]n into Maps to be sent to [illegible]pe by the first dispatch, I forward of this date a Roll [illegible]ntaining the reduce[illegible] [illegible]l which you sent me s[illegible] ago, and [illegible]est you will insert in it [illegible]hole of the Surveys to the latest possible date and return it to me by post as soon as possible —

I wish much to know whether it is possible to complete the rest of the District early and how soon; as it is much wished to send the Surveyors into Travancore to commence on the Survey of that Country while the fair season permits — It would also in change of air be probably more advantageous to the surveyors that have been lately recovered.

I have some time waited to know what success has attended the measure taken for the recovery of the Theodolite stated by you to be stolen some-time ago;

as

as these instruments are attended with considerable expence to Government it is necessary that every measure be taken for their security- You will be pleased to state to me with the earliest possible despatch how that instrument came to be lost, what measures the Assistant Surveyor in charge of it had taken for its security and recovery afterwards; or if there was any want of vigelance he ought not to be entrusted [illegible] the charge- You will institute an enquiry for this purpose and report the result describing the time and the Circumst[illegible]ces-

Yo[illegible] ought also to report the case to the Collector and to the [illegible]istrate to the Zillah that measures may be taken for its recovery- I will be glad t[illegible] know what protection [illegible]t guards, or from the Police you have on the Survey- I have not hitherto been [illegible] of this from your [illegible]vey, concluding you [illegible] [illegible]tomary protection to [illegible] [illegible] you are eng[illegible] It will [illegible] [illegible] [illegible] paid to the [illegible] urselves [illegible] pro=perty intrusted [illegible] your charge; [illegible] will therefo[illegible] be glad to have early information from you on the subject- I remain your well wisher
